[Do we still think insurrection act is realistic or is it just a fantasy?](#)

posted 2 days ago by [trumper1776](#) +25 / -0

Before Jan 6th, I thought Trump would do all he can. Then I saw him tell his patriots to go home and kinda give up at the amount of betrayals from the deep state. He conceded and said there will be a "peaceful" transition.

Is this 4D chess? Q and Lin Wood people give me hopium that Trump is planning military action, but I'm not quite sure. Should we start planning how to combat a Biden presidency or are we still holding the line?

I don't think it's realistic at this point, but I'd love to be wrong.

There was never any chance of the insurrection act. Too many people here feel for conspiracy theories instead of focusing on what's realistic: holding the senate and Trump running again in 2024

Trump running in 2024 is realistic?

How could he possibly win? Massive cheating is normal now . . .

If so he'd be back campaigning in 2022

Yes. That's the only reason they are trying to Impeach him.

There is and never was any chance in 2024. They will cheat again. We all know they won't fix anything if Biden is in the White House..

Their cheating wasn't the ace in the hole you're pretending. It gave them about 2% more votes where they needed it. Trump can easily make that up - unless illegal aliens can vote

You fool. Trump won in a landslide. They manufactured hundreds of thousands of votes in every key state just when they needed them. There will never be another real election ever again. Go learn about Dominion machines and their "Adjudication Process." They can make as many votes as they want to.

Dominion is basically a conspiracy theory

It was over on November 4th.. The Democrats stole it because they were ready this time. While we were attending boat parades and tractor pulls, the Democrats were cementing their victory using the courts. Our resistance needs to focus on election reform IMO.

Sec. 334. Proclamation to disperse Whenever the President considers it necessary to use the militia or the armed forces under this chapter, he shall, by proclamation, immediately order the insurgents or those obstructing the enforcement of the laws to disperse and retire peaceably to their abodes within a limited time.

His exact words were "go home and go home in peace."

He also said a smooth and orderly transition to a new administration. He never said he conceded and he never mentioned Bidens name. Those of us filled with Hopium see this as him talking about new people in HIS administration.

Nothing wrong with working against a Biden presidency AND hoping for the IA stuff to be true too.

I want to believe it so so so badly! And I'm not giving up hope until I see them drag Sleepy Creepy Joe across that White House threshold Weekend at Bernie's style! But if I'm going to be realistic, I just don't think it's going to happen and we can thank our spineless traitors in the GOP for that.

Trump won't do anything. Nothing is happening. Everyone is against us, and him. That includes the military.

Its a long shot, but so far there is nothing to indicate that its NOT happening. And there are indications that it IS happening. But its still a hope and a prayer.

I don't see how an IA would even help at this point. It would cause a whole lot of confusion and chaos making Trump's position even weaker. I would assume trump is thinking about his next move now and how he will be protecting himself and his family from the hail storm the dems are about to throw his way.
